

Who we are?

At Human Resource Development Foundation, we have been working to improve living conditions of migrants and refugees since our establishment in 1988.

What we do?

Within the framework of our Refugee Support Programme, we provide the following services **free of charge** to refugees under international and temporary protection through our offices in İstanbul, Eskişehir, Van and Ağrı provinces.

④ Social Counselling

You can receive up-to-date information from our counsellors or ask questions to them regarding health, education, social and legal issues.

④ Psychological Counselling

Difficulties you experience may negatively impact your mental health. You can benefit from our psychological counselling service by approaching our offices.

④ Legal Counselling

You may consult our legal advisers to seek solutions for your legal problems.

④ Advocacy

We cooperate with local authorities and non-governmental organisations to improve support mechanisms available for refugees and also implement advocacy activities to inform the local community. You can become a part of this process by telling us about your everyday problems and advising solutions.

Our Refugee Support Programme is supported by The United Nations High Commissioner for Refugees (UNHCR)
